12<sup>th</sup> January 2021

Dear President, Dear Colleagues,

The IJF Academy was established in 2013, on the wish of our President Mr Marius Vizer, to serve as the teaching arm of the IJF. To ensure the highest standard, we partnered with one of the best Universities to certify our academic courses, the University of Budapest's Physical Education. Today we have 1,700 Alumni of the IJF Academy, qualifying from 126 countries, members of the IJF.

We have paid all our attention to ensure that our product is always the best on offer. We also paid attention to keep upgrading our products and services.

On the 27th August 2018, the IJF Academy Foundation was granted a Higher Education Teaching License by the ([NCFHE](#)) National Commission for Further and Higher Education. NCFHE is an affiliate member of ENQA, the European Association for Quality Assurance in Higher Education. The Qualifications Recognition Information Centre (QRIC) within NCFHE also forms part of the European Network of Information Centres in the European Region (ENIC) and the National Recognition Information Centres in the European Union (NARIC). The Commission also acts as the National Contact Point for the European Qualifications Framework.

All these coaches and administrators involved in these projects require professional academic qualification to interact with third party organisations, Schools, Government Entities, Local Councils, Sports Centres, and other authorities. Today's Judo Professional is not enough to qualify for his National Federation; they require a professional qualification.

**IJF Academy will launch the following courses starting on 1<sup>st</sup> March 2021 (Note: these listed courses will only start if the minimum number of 10 students applied.)**
